Guy,

Attached is our final draft of the CCH/FTA/FAA letter. We made the edits you suggested and added comments were our wording was slightly different. Attached file includes "track changes" showing where we differ.

We believe we have satisfied HDOT-A concerns and will finalize the letter for signatures early next week.

Thanks for your help and others at HDOT-A who contributed in this effort.

Jim,

Attached are my comments to the letter.

FAA Steve - The FAA needs to make a determination of whether the City can do the EA for work being done on airport property.

Thanks,
Guy

Subject RE: Revised letter CCH to FTA

All,

Attached is our latest revision to the City letter to FTA in regards to runways 22L and 22R. The letter incorporates the comments received at our meeting yesterday. Please review and let me know if we can finalize for City and FAA signatures. Likewise, if you have any further concerns or edits to the letter let me know as soon as possible.

Again thanks for your help and I believe we have a means to go forward that incorporates everyone's interests.

Also attached is the roster of those who attended yesterday's meeting.

Regards,

Jim Dunn
