Faith,

We understand the scheduling difficulties, but feel it would be a rather abrupt ending to not have one last close out meeting of the group to review any last concerns and allow for final statements. So schedule as soon as you reasonably can one last meeting and advertise it as the final wrap up. You have made good progress in a very difficult situation; let's not jeopardize that by what may seem as a premature closure of group discussion.

Also, we are assuming the conclusions of the burial task force are included in this draft PA of 10/2. We are concerned by the following text regarding changing the alignment in that section:

"In the event that no other option is identified, changes to Project alignment would be evaluated to avoid the disturbance of iwi kupuna."

Can you explain how that would work? Is the City really going to consider moving the whole project, with all the resulting complications?

Also, we have read the statement of Edward Halealoha Ayau, of Hi Malama I Na Kupuna O Hawai'i Nei, regarding the need for a full AIS or the movement of the project alignment, and do not agree with his conclusions. As a concurring party he will be free to sign the PA or not.

Ted

Subject: Honolulu Rail Project Section 106 PA

Hi Ted -

I would like to speak with you regarding the next steps for the Section 106 PA. Should I schedule another meeting of the consulting parties? Or are the signatories comfortable that enough consultation has occurred? Can FTA discuss the comfort level with ACHP and SHPD? I am concerned that Blythe will be out of the office from this Thursday to October 19th. If we need to wait until she gets back, this will cause quite a delay for us.

I am available tomorrow morning and early afternoon. On Tuesday, I will be out of the office until about 10:00 a.m.

Hope we can discuss soon.

Faith.
