Subject: Honolulu Rail and NPS

Hi Everyone –

NPS continues to bring up the Section 4(f) evaluation for our project in the Section 106 meetings. I would like to add this as a discussion topic for tomorrow's conference call. I would propose that we schedule a conference call with FTA, RTD and NPS to discuss their concerns.

I am bothered by what I perceive as the NPS going beyond their responsibilities. They are advocating for an at-grade system and restoration of historic resources eligible/on the National Register. Am I wrong in thinking this? I thought their responsibilities were the National Historic Landmarks and being the keeper of the Register.

Anyway, I would like to discuss tomorrow.
