Dave and Nancy

Attached is the FOIA request information that Jim Ryan gathered in response to Mr. Hao's most recent request. I wanted to make sure everyone has the materials and then coordinate on how/when we will provide them to Mr. Hao. Dave indicated he would coordinate any courtesy "heads up" discussion between TOA and the Mayor that we are honoring the FOIA request. Let me know if you need anything else from us.

Thanks,
Beth

Attached are the financial plan and the letter of transmittal from the City. I trust that we're all mindful of the recent agreement with the City to give them fair warning on FOIA responses.

Jim, here are two Honolulu matters.

1. Please see the FOIA request below.
2. I think that Peter will want an update on the Honolulu project on Wednesday, while you are out. Would it be possible for you to call a Honolulu Team meeting today at 3 PM so we can discuss the two major areas: financial plan and NEPA issues?

Susan

Subject: FOIA request

I'd like a copy of the latest financial plan for entry into preliminary engineering submitted by the city and county of Honolulu to the FTA. I would prefer to obtain this report in an electronic version. In addition, I'd like a copy of the most recent forecast of net general excise tax surcharge revenues for the Honolulu rapid transit project.

Thanks and feel free to contact me with any questions relating to this information request.
