Please proceed & forward to TOA-1 as a "heads up" in anticipation of a possible call from the Mayor. We can send a revised version tomorrow elaborating on the context of how this issue has surfaced. Thanks!

Leslie

Leslie: Matt wanted some talking points on this Honolulu issue for Peter should the grantee/Mayor raise it to the Administrator. I haven't sent it yet – I thought you should see it first. See you around 11 AM Friday morning.

Great team work by Renee, Ted and Joe! Thank you, and with the institutional history you collectively carry, you guys can't retire until this project is done!!

Ed, disregard version 4, I did more editing and version 5 is better.

Ted
