Subject: draft project list for Annual Report
Attachments: preliminary project list.xls

Attached is a draft list of projects that might be reported in the upcoming FY11 Annual Report. We are seeking feedback from everyone on whether the list captures all reasonably expected requests to enter PE or Project Development. We are also seeking feedback on whether PMOC, financial, O&M, and/or land use reviews are needed.
Thanks,
Beth

Subject: materials for Bi-Weekly New Starts Update Meeting
Importance: High

Attached for discussion at tomorrow morning's staff level bi-weekly NS meeting are some initial ideas on expanded pre-award authority for New/Small Starts projects as well as ideas for streamlining the LONP process. We will discuss this during the morning meeting and refine as necessary prior to discussing it with TOA in the afternoon. Recall that the additional proposed guidance published in the federal register on July 29th included the idea of expanding pre-award authority but did not give specific suggestions. The attached paper includes the ideas discussed by TPE/TPM for which we are seeking your feedback.
