Ron,

I think it would be tough to reschedule the conference call for today at 4:00. Bob Horn from FHWA Regional Service center originally requested this conference call, Donna Turchie in Region 9 has been organizing the call, and I think it is too late to try to reschedule it for today, based upon the current level of interest (see below).

The call will be at 1:30 EDT. The FHWA HI Division Administrator Abe Wong will be linked into the call. It should prove to be a very interesting conference call for all. Thanks.
