Lawrence and Jim,

Here's the amended letter to give Lawrence access to the base with everyone else. Please be sure to carry both copies to show at the Pass & ID office. The original will be hand carried over shortly to the Pass and ID office so they also have it on file for tomorrow morning.

Other information I shared with Bruce today: Once you enter into the base and pass the gate guard, you have to turn right. Get into the left lane and turn left at the traffic light following the pier. Bldg 150 is the 3 story bldg on the left at that corner but the next street is one way out. Pass the chapel on the left, turn left between the chapel and Popeye's Chicken. Park anywhere in those parking lots that isn't marked on the ground. Head back towards Bldg 150 between the chapel and the tennis courts. As you approach Bldg 150, to the left of the 2 car carport are stairs leading down. They lead to my office with the conference room you'll be meeting in. When you enter the double glass doors and go down a few more steps, my desk in to the right, the conference room is down the short hall to the left. Hope you all arrive safely without any problems.

Please feel free to call me at (808) 473-4137 x221 if you have any questions or concerns.

Aloha and Mahalo,
Lori

Ms Ing,

Is it possible to add me to the attending list for tomorrow's meeting?

Lawrence Spurgeon
Supervising Environmental Engineer
Parsons Brinckerhoff, Consulting Engineer

Mahalo for you kokua.
Lawrence

Lawrence

See below. We need to add you to the letter listing those attending. Lori Ing is our contact. Can you call her to see what is needed?

Jim

Jim,

Attached is your copy of the base pass letter. Please bring it with you to the Pass and ID Office, just to the right before the Nimitz Gate entrance into Naval Station, along with the two drivers and their vehicle registration, no fault insurance and drivers licenses to get your one day pass.

Please let me know if you need any other assistance.

Aloha and Mahalo,
Lori

Mr. Dunn: Please provide me with the full names of all personnel coming from your company for this meeting along with their job title and for the vehicles being driven, I'll need the make, model, year, color and license plate numbers. All attendees must have a company ID and for the vehicles, their drivers license, no fault insurance and registration to show at the Pass & ID office. Once I get all the information I need, I'll prepare the access letter, get it signed and scan a copy over to you to bring as back up, sending the original to the Pass & ID office. Please provide required information as soon as possible.

CDR Zucchero: If you have any other attendees coming from off base that do not have CAC cards, please have them provide the same information requested from Mr. Dunn above, as soon as possible.

Aloha and Mahalo,

Lori

Jim:

Sounds good. We look forward to it. Please contact Lori Ing, 4734137 ext 221 to get details on how you all can get access on the Base Friday. The room we will use doesn't have projection capability, so you may want to bring hard copies of your brief.

R,

Mike

Dear Commander Zucchero:

We appreciate you taking the time to meet with the Honolulu High-Capacity Corridor Project team to discuss the of the fixed guideway transit alignment in relationship to US Navy property. In our phone conversation you offered to dates for this meeting. After checking with our staff, we ask that we meet on Friday, June 13th, at 1:30 pm. The meeting would be held at Building 150, at the Naval Station. I expect the meeting to last no more than one hour.

Again thanks for this opportunity,

Jim Dunn

Design Manager
