We should talk to ACHP first and then the City.

All,

Unfortunately, Faith didn't note in her email that FTA intended to be involved in this discussion.

Do we want to discuss these issues with the City first and then involve ACHP? Please advise.

**Subject:** RE: Honolulu Rail Project

Faith:

I apologize for the delay in responding--I was heavily committed to another project yesterday. While we would be willing to participate in a call to address questions or concerns about indirect and cumulative effects for this undertaking, it should be led by FTA, since the agency's approach to addressing these effects in transit project planning would be the basis for any discussion. Should FTA staff believe that there are outstanding issues needing ACHP involvement, I'll try to find a time late today or tomorrow. I will wait to hear from FTA on this.

Thanks

Hi Blythe –

Resending the following email message. Any chance we can talk tomorrow? Or Thursday?

Thanks for your help in this matter.

Faith

**Subject:** Honolulu Rail Project

Hi Blythe –

We would like to get some clarification regarding cumulative effects, the effects determination and mitigation (is it appropriate for us to mitigate non-effects, effects that have not been concluded through the effects determination process). Would we be able to discuss these issues with you on a conference call early next week, like Tuesday or Wednesday morning, at about 8:00 am (Hawaii), 11:00 am (Pacific), 2:00 pm (Eastern)? I asked FTA if it was ok for us to talk and Ted said that they would join us on the call.

Please let me know when would be a good time for you. Also, Ted, if you could let me know when would be good for you. Looking forward to discussing these issues next week.
