Subject: New letter by Mayor of Honolulu
Attachments: Mufi Letter.pdf

Thanks Carl, I just heard about it in the New Starts call.

Obviously, we will need a response that moves through quickly so it does not become dated before the Administrator signs off.

To avoid delays, I suggest that we consider a reply which has Leslie responding on behalf of the Administrator. None of the points raised by the Mayor rise beyond normal project issues which would require policy direction from the Administrator.

I suggest that we assign the following subject areas to build our response:

- 1) Jim Barr and Ted for the PA
- 2) Ray for the RPZ
- 3) Jim Barr and Chris for the section 4(f)
- 4) Renee for signature authority
- 5) Renee and Chris for the response to comments

Jim Ryan – I think you should be on board for comments and editing.

Please send your respective pieces to Ted for consolidation and overall drafting.

Thank you,

Ray
