Thanks Chris...I knew TCC has been very involved so wanted your suggestions. I will push for a conf call but they may want face to face. Stay tuned!

Kate

Kate,

Project specific information is usually the purview of the regional office, but if they specifically want face to face, it would depend on whether teleconference capabilities would be available. From the region you should invite Ray Sukys and Renee Marler and from TPE you should invite Beth Day and Carl Bausch (they can invite other staff as appropriate). And I'd be willing to go along as well, depending on when it is scheduled.

Thanks,  
Chris

Hi Chris,

I've received another request (this time from Senate Approps and Sen. Inouye's office for an update on the HI project. Who would you suggest attend a face to face briefing on the project? Thanks!

Kate
