Aloha Lani,

Mahalo and sorry for the confusion with regard to our contact address.

For Hui Malama, we are puzzled as to why the City and County of Honolulu has already announced the corridor for Mass Transit when the section 106 consultations had not even started. We are concerned about the number of ancestral burials that could be impacted from this project.

Moreover, does this mean the NHPA section 106 consultations are moot now since a final determination for the project has already been made? Or is the decision still pending?

Please provide us with some kind of time frame to all this and when decisions were made and what our role will be in this process, mahalo.

Ola na iwi,
Edward Halealoha Ayau
