

## Chapter 01 Background, Purpose and Need

1-1

1.1	History of the Honolulu High-Capacity Transit Corridor Project	1-1
1.1.1	Conditions Leading to the Project	1-1
1.1.2	Progress of the Honolulu High-Capacity Transit Corridor Project	1-3
1.1.3	Progress since the Draft Environmental Impact Statement	
1.2	Description of the Corridor	1-4
1.3	Existing Travel Patterns in the Corridor	1-10
1.3.1	Person-trip Patterns	1-10
1.3.2	Transit Travel Patterns	1-11
1.4	Existing Transportation Facilities and Services in the Corridor	1-14
1.4.1	Street and Highway System	1-14
1.4.2	Public Transit System	1-14
1.4.3	Parking	1-15
1.4.4	Pedestrian and Bicycle Systems	1-15
1.5	Performance of the Existing Transportation System	1-15
1.5.1	Highway Traffic Volumes	1-15
1.5.2	Highway Traffic Operating Conditions	1-15
1.5.3	Transit Operating Conditions	1-17
1.6	Potential Transit Markets	1-19
1.7	Purpose of the Project	1-19
1.8	Need for Transit Improvements	1-20
1.8.1	Improve Corridor Mobility	1-20
1.8.2	Improve Corridor Travel Reliability	1-20
1.8.3	Improve Access to Planned Development to Support City Policy to Develop a Second Urban Center	1-20
1.8.4	Improve Transportation Equity	1-21
1.9	Goals of the Project	

## Chapter 02 Alternatives Considered

2-1

2.1	Changes in this Chapter since the Draft Environmental Impact Statement	2-1
2.2	Alternatives Screening and Selection Process	2-1
2.2.1	Screening of a Broad Range of Alternatives	2-2
2.2.2	Alternatives Considered in the Alternatives Analysis	2-3
2.2.3	Alternatives Consideration Process after the Alternatives Analysis	2-6
2.3	Alternatives Considered in the Draft Environmental Impact Statement	2-8
2.3.1	Alternatives Consideration Process [working section title, subject to change]	
2.3.2	No Build Alternative	
2.3.3	Salt Lake Alternative	

- 2.3.4 Airport & Salt Lake Alternative
- 2.4 Proposed Action: Fixed Guideway from East Kapolei to Ala Moana via the Airport
  - 2.4.1 Operating Parameters
  - 2.4.2 Transit Technology
  - 2.4.3 Station Characteristics
  - 2.4.4 Safety and Security Measures
  - 2.4.5 Bus System
  - 2.4.6 Park-and-Ride Lots
  - 2.4.7 Maintenance and Storage Facility
  - 2.4.8 Traction Power Substations
  - 2.4.9 Project Phasing

---

## Chapter 03 Transportation 3-1

- 3.1 Changes in this Chapter since the Draft Environmental Impact Statement 3-2
- 3.2 Methodology 3-2
  - 3.2.1 Analytical Tools and Data Sources 3-2
  - 3.2.2 Approach to Estimating Transportation Effects 3-2
- 3.3 Existing Conditions and Performance [review this section, eliminate redundant info.] 3-3
  - 3.3.1 Existing Travel Patterns
  - 3.3.2 Existing Transit Conditions and Performance
  - 3.3.3 Existing Streets and Highways Conditions and Performance
  - 3.3.4 Existing Parking Conditions and Performance
  - 3.3.5 Existing Bicycle and Pedestrian Network Conditions and Performance
- 3.4 Transportation Consequences and Mitigation 3-
  - 3.4.1 Build Alternatives—Future Travel Patterns 3-23
  - 3.4.2 Effects on Transit 3-24
  - 3.4.3 Effects on Streets and Highways 3-37
  - 3.4.4 Effects on Parking, Bicycle and Pedestrian Facilities, and Freight 3-41
  - 3.4.5 Mitigation of Long-term Transportation Effects 3-44
- 3.5 Construction-related Effects on Transportation 3-45
  - 3.5.1 Construction Staging Plans 3-45
  - 3.5.2 Construction-related Effects on Transit Service 3-45
  - 3.5.3 Construction-related Effects on Traffic 3-46
  - 3.5.4 Construction-related Effects on Parking 3-48
  - 3.5.5 Construction-related Effects on Bicycle and Pedestrian Facilities 3-48
  - 3.5.6 Construction-related Effects on Freight Movement 3-48
  - 3.5.7 Mitigation of Construction-related Effects 3-48
- 3.6 Cumulative Transportation System Effects 3-51

---

## Chapter 04 Environmental Analysis, Consequences and Mitigation 4-1

- 4.1 Changes in this Chapter since the Draft Environmental Impact Statement 4-
- 4.2 Land Use 4-10
  - 4.2.1 Background and Methodology 4-10

4.2.2	Affected Environment	4-10
4.2.3	Environmental Consequences and Mitigation	4-19
4.3	Economic Activity	4-23
4.3.1	Background and Methodology	4-23
4.3.2	Affected Environment	4-23
4.3.3	Environmental Consequences and Mitigation	4-24
4.4	Acquisitions, Displacements, and Relocations	4-24
4.4.2	Background and Methodology	4-24
4.4.3	Affected Environment	4-25
4.4.3	Environmental Consequences and Mitigation	4-25
4.5	Community Services and Facilities	4-27
4.5.1	Background and Methodology	4-27
4.5.2	Affected Environment	4-28
4.5.3	Environmental Consequences and Mitigation	4-35
4.6	Neighborhoods	4-39
4.6.1	Background and Methodology	4-39
4.6.2	Affected Environment	4-39
4.6.3	Environmental Consequences and Mitigation	4-42
4.7	Environmental Justice	4-46
4.7.1	Background and Methodology	4-47
4.7.2	Affected Environment	4-48
4.7.3	Environmental Consequences	4-51
4.7.4	Public Outreach	4-53
4.7.5	Banana Patch Community	4-54
4.7.6	Mitigation	4-55
4.8	Visual and Aesthetic Conditions	4-57
4.8.1	Background and Methodology	4-57
4.8.2	Affected Environment	4-57
4.8.3	Environmental Consequences and Mitigation	4-61
4.9	Air Quality	4-94
4.9.1	Background and Methodology	4-94
4.9.2	Affected Environment	4-95
4.9.3	Environmental Consequences and Mitigation	4-95
4.10	Noise and Vibration	4-97
4.10.1	Background and Methodology	4-97
4.10.2	Affected Environment	4-100
4.10.3	Environmental Consequences and Mitigation	4-100
4.11	Energy and Electric and Magnetic Fields	4-107
4.11.1	Background and Methodology	4-107
4.11.2	Affected Environment	4-108
4.11.3	Environmental Consequences and Mitigation	4-108
4.12	Hazardous Waste and Materials	4-109
4.12.1	Background and Methodology	4-109
4.12.2	Affected Environment	4-110

4.12.3 Environmental Consequences and Mitigation	4-113
4.13 Ecosystems	4-116
4.13.1 Background and Methodology	4-116
4.13.2 Affected Environment	4-119
4.13.3 Environmental Consequences and Mitigation	4-125
4.14 Water	4-126
4.14.1 Background and Methodology	4-127
4.14.2 Affected Environment	4-128
4.14.3 Environmental Consequences and Mitigation	4-131
4.15 Street Trees	4-135
4.15.1 Background and Methodology	4-135
4.15.2 Affected Environment	4-135
4.15.3 Environmental Consequences and Mitigation	4-137
4.16 Archaeological, Cultural, and Historic Resources	4-138
4.16.1 Background and Methodology	4-139
4.16.2 Affected Environment	4-142
4.16.3 Environmental Consequences and Mitigation	4-143
4.17 Maintenance and Storage Facility	4-151
4.17.1 No Build Alternative	4-151
4.17.2 Common to All Build Alternatives	4-151
4.18 Construction Phase Effects	4-153
4.18.1 Land Use and Economic Activity	4-153
4.18.2 Communities and Neighborhoods	4-154
4.18.3 Visual and Aesthetic Conditions	4-156
4.18.4 Air Quality	4-157
4.18.5 Noise and Vibration	4-157
4.18.6 Construction Energy Consumption	4-159
4.18.7 Natural Resources	4-159
4.18.8 Contaminated Media, Stormwater Quality, and Solid Waste	4-160
4.18.9 Archaeological, Cultural, and Historic Resources	4-163
4.18.10 Relationship between Short-term Uses of the Environment and Long-term Productivity	4-164
4.19 Indirect and Cumulative Effects	4-164
4.19.1 Background and Methodology	4-164
4.19.2 Indirect Effects	4-165
4.19.3 Cumulative Effects	4-169
4.20 Irreversible and Irretrievable Commitments of Resources	4-175
4.21 Anticipated Permits and Approvals	4-175

---

Chapter 05 Section 4(f) Evaluation 5-1

5.1 Changes in this Chapter since the Draft Environmental Impact Statement	
5.2 Introduction	5-1
5.2.1 Section 4(f) "Use" Definitions	5-2

5.3	Description of the Project	5-3
5.4	Description of Section 4(f) Properties	5-3
5.5	Direct Use of Section 4(f) Properties	5-3
5.5.1	Park and Recreational Resources	5-5
5.5.2	Historic Sites	5-16
5.6	Constructive Use of Section 4(f) Properties	5-34
5.6.1	Historic 4(f) Resources	5-34
5.6.2	Parks and Recreation Resources	5-34
5.6.3	Refuges and Restriction of Access	5-38
5.6.4	Summary	5-38
5.7	Temporary Use or Occupancy of Section 4(f) Properties	5-38
5.8	Determination of Section 4(f) Use	5-38
5.9	Mitigation	5-39

## Chapter 06 Cost and Financial Analysis 6-1

---

6.1	Changes in this Chapter since the Draft Environmental Impact Statement	
6.1	Cost Estimate Methodology	6-1
6.1.1	Capital Costs Methodology	6-1
6.1.2	Operating and Maintenance Cost Methodology	6-2
6.2	Capital Plan	6-2
6.2.1	Capital Costs	6-3
6.2.2	Proposed Capital Funding Sources for Build Alternatives	6-3
6.2.3	Funding Sources for Ongoing Capital Expenditures	6-4
6.3	Operating and Maintenance Plan	6-6
6.3.1	Operating and Maintenance Costs	6-6
6.3.2	Operating and Maintenance Funding Sources	6-6
6.4	Cash Flow Analysis	6-7
6.4.1	Financing Assumptions for the Project	6-7
6.4.2	Project Cash Flow	6-9
6.4.3	Ongoing Capital Expenditure Cash Flow	6-10
6.4.4	Operating and Maintenance Expenditure Cash Flow	6-10
6.5	Risks and Uncertainties	6-10
6.5.1	Project Cost Risks	6-10
6.5.2	Economic and Financial Risks	6-11
6.5.3	Funding Risks	6-11

## Chapter 07 Evaluation of Alternatives 7-1

---

7.1	Changes in this Chapter since the Draft Environmental Impact Statement	
7.2	Effectiveness in Meeting Project Purpose and Need	7-1
7.2.1	Improve Corridor Mobility	7-1
7.2.2	Improve Corridor Travel Reliability	7-3

7.2.3 Improve Access to Planned Development to Support City Policy to Develop a Second Urban Center	7-4
7.2.4 Improve Transportation Equity	7-4
7.3 Transportation and Environmental Consequences	7-7
7.3.1 Transportation	7-7
7.3.2 Environmental Consequences	7-8
7.4 Cost-effectiveness	7-8
7.5 Financial Feasibility	7-9
7.5.1 Measure of Capital Financial Feasibility	7-9
7.5.2 Measure of City Financial Contribution for Operating and Maintenance	7-10
7.5.3 Comparison of Alternatives	7-10
7.5 Important Trade-offs [Delete?]	7-10

## Chapter 08 Comments and Conclusions 8-1

---

8.1 Changes in this Chapter Since the Draft Environmental Impact Statement	
8.1 Public and Community Outreach	8-1
8.1.1 Public Outreach Techniques	8-2
8.1.2 Government and Other Agency Coordination	8-2
8.1.3 Section 106 and Consulting Party Coordination	8-4
8.1.4 HRS Chapter 343 Coordination	8-5
8.2 Community Outreach during the Alternatives Analysis Phase	8-5
8.3 Community Outreach during the Project's Preliminary Engineering/EIS Phase	8-6
8.4 Draft EIS Comments and Public Hearings	
8.5 Accommodations for Minority, Low-Income, and Persons with Disabilities
