Subject: NAVY POINTS OF CONTACT FOR HONOLULU HIGH CAPACITY TRANSIT CORRIDOR PROJECT

Hi Faith,

As discussed, here's the Navy Points of Contact for this project:

Lead Command: Naval Station Pearl Harbor
Commanding Officer: CAPT Rick Kitchens

For subject matter expert or technical support (i.e. people who will be answering your requests), here are the POCs:

NAVSTA Public Works Officer, CDR Lore Aguayo, email maria.aguayo@navy.mil, 471-2647

Environmental Impact Statement/Historic Preservation, Liz Nashold, email elizabeth.nashold@navy.mil, 471-1170 ext 240

Planning/Asset Management, Lynn Tanaka, email lynn.tanaka@navy.mil, 471-1170 ext 248

CDR Aguayo, Liz, and myself are NAVFAC Hawaii employees however do provide support to Navy Region Hawaii and Naval Station. If preferred route changes to Nimitz/Airport, NAVSTA would most likely be cooperating agency and Region Hawaii may have better involvement. It would really help us out if you could provide electronic copy of correspondence sent to NAVSTA or Region Hawaii...sometimes the mail systems does not work efficiently.

If you have any questions, please do not hesitate to call.

Mahalo!
Lynn
