Subject: Unresolved issue?

Lawrence, during your conference call last week you mentioned there was an unresolved issue where FTA was working on a letter (was it the burial council issue)? We did resolve the issue of the letter to the Dept. of Interior (we sent a letter), but I'm not sure we resolved the other issue you referred to. What was the issue you referred to again? Please clarify and I'll check with Jim when he returns after New Years.

Have a great holiday!!

Ted
