Aloha Kaleo-

Mahalo for the update and I apologize for my delayed response. I had a "draft" version of a reply email sitting all week in my "to-do" box and realized now I never sent. I think we have you guys third on the agenda behind a formality/procedural matter of approving a BTP for Pupukea and Hilton folks also doing an update briefing. Think you guys are right after these two. Hope that helps with your schedule.

Malama pono,  
Kawika

Aloha Kawaika,

Just wanted to inquire on the agenda development, for the next meeting and communicate ahead of time. Any possibility we can be placed at the beginning of the agenda? For the next meeting here are the main items we are working on:

1. Final EIS - Update
2. PA - Update

3. Maintenance Storage Facility - Contractor Kiewit/Kobayashi selected  
This would be a briefing on what this is, how it will function, the scope of contract, AIS

AR00100964

4. Phase One - West Oahu Farrington Highway: Exploratory testing progress reports, including sensitive areas monitoring

5. Other

Mahalo
