This is Jesse's response to my request that FTA receive all available materials on the analysis of impacts related to the alignment shift. Looks like we may get a chart late today.

Renee,

I followed up with our planners and reemphasized your short deadline within which to review these materials. She said that they were finishing up with the table and that they would send it to you today by email.

Are we still on track for FTA issuing a letter to the City or will this be only documentation for FTA's records as we discussed?

Sincerely,
