Didn't the previous letter want information on whether Honolulu's procurement complied with Buy America, whereas this one is simply asking FTA to consider Bombardier as the vendor for Honolulu? This letter needs only a simple response saying something like "Thank you for your interest. FTA provides funding for major capital investments to project sponsors. We are not involved in the actual procurements of vehicles, services or materials for these projects, but rather perform an oversight role to ensure all Federal requirements are fulfilled." Such a simple response should be done here in TPE and not assigned to TCC.

Sharon:

The attachment is a control sent to my by the Xerox machine. It's scary how smart those machines are getting. Anyway, the incoming is from Sen. Specter urging full consideration of Bombardier in the vehicle procurement for the Hawaii rail project. A few weeks ago, we got a similar letter from a Pittsburgh congressman in whose district Bombardier is located. Per Susan's advice, I returned that to you with the request that it be redirected to TCC. We should do the same with this one.

Thanks.
Jim
