Robyn,

I will take a look at the paper today. At the very end of last week, the Faith mentioned that the City may be sending additional information on the precast yard. I'll stop by your office later today or give you a call and relay the conversation.

I am seeing a doctor this morning for a cold and may decide to work from home this afternoon.

Hi Liz,

Attached is a draft paper for Peter. Could you add an update on the PA and also review and let me know if you have any edits before I send to the team?

Thanks,

Robyn
