COMMUNICATIONS SECTION

Dear Mr. Kaku:

SUBJECT: HONOLULU HIGH-CAPACITY TRANSIT CORRIDOR PROJECT.

Thank you for the meeting on January 25, 2006 to discuss the Honolulu High-Capacity Transit Corridor Project. We are excited about this future project and the many benefits to the surrounding communities on Oahu.

As a result of our meeting and based on follow on discussion with the appropriate Navy Region Hawaii program directors, Alternative 4B for Fixed Guideway Alternative along Camp Catlin Road is not desirable to the Navy at this time. This alternative would impact current and future development of Navy family housing.

Should you have any questions or require additional information, please contact Ms. Lynn Tanaka at 473-3571 or e-mail lynn.tanaka@navy.mil.

Sincerely,

R. D. ROTH

Regional Engineer
