Joe:

The preferred location of the M&F facility will be at the Community College.

We can write that into the ROD.

I am reviewing selected portions of the draft of the FEIS, and not only does DTS not know where the project will pass by the airport, they don't know where the Maintenance and Storage facility will be.

Should we let them get away with that too, because commenting on it would be "moving the goalpost?" What is an FEIS anyhow?
