Subject: HHF comments on transit PA

Kehau,
Thank you for meeting this morning. As discussed, the last letter from HHF to the Transit team about the Programmatic Agreement (dated Nov. 2, 2009) is attached, which includes our list of technical corrections, questions and concerns. The City's matrix of responses is also attached. As you will see, the City dismissed all of HHF's outstanding concerns and issues at that time. As you will see, the City's analysis is legally flawed in some instances (such as claiming that other federal agencies do not have Sec 106 responsibilities), technically flawed in others (i.e. inaccurate maps, lack of determination of effects), and inappropriately abrupt and dismissive in tone.

The National Trust's letter and redline comments on the same version of the PA is also attached. If FTA or the City responded to that letter, they did not copy HHF.

On May 27, we received an email from Elizabeth Zelasko at FTA attaching a new draft PA, dated May 12, 2010. She stated, "This is more for your information, FTA is not seeking additional comments or suggestions for changes."

I have not yet compared the May 12, 2010 version to HHF's list of outstanding issues and the NTHP comments as of November 2009. When that analysis is complete, we will determine our next steps.

I hope this is helpful to you and I look forward to continuing the conversation.

Kiersten
