Thank you Renee. I have substantially been revising the first version I sent out. I will send out another one with your comments incorporated shortly.

Subject: FW: Attachments for Honolulu meeting

Liz, I have added comments in track in the areas of:

- Compliance with Hawaii law re Governor approval for circulation of FEIS
- Deletion of references to locally funded construction of the Project
- Traction power substations locations and impacts
- Mitigation chart referencing comment letters

Also, it's a minor point, but the document in the Listing of Contacts calls us the Federal Transit Division.

Renee

Subject: Attachments for Honolulu meeting

All –

I am not sure if these went through earlier. These are the attachments I intended to send. I am revising the document "comments on the admin FEIS.doc" to reflect our conversation. The other attachments are comments made by cooperating agencies and the City's responses addressing those comments. I received them last night from Faith, but have not reviewed them yet.

Ted, could you let us know if there are any red flags?

Thanks,

Liz
