Hi Chris and Liz, Attached is an analysis of the applicability of Section 4(f) for the Pacific War Memorial Site for your consideration. Also attached is a figure illustrating the features on this property in relationship to the guideway. As we discussed this morning we are aware of your opinion that this is being used as a "park" we should treat this as a "park". However, we would like to reiterate that because this property is currently a multiple use property, will continue to be a multiple use property, the project will not affect any recreation features, and the agencies with jurisdiction acknowledge the portion of the property impacted by the Project is not used for recreation, we do not believe that Section 4(f) is applicable. After you have the opportunity to review this material, please discuss it amongst yourselves and let us know on Tuesday what you decide and we will proceed accordingly.

Thanks and have a good weekend.

Amy
