Aloha Toru,

As you may recall at the March 17, 2010 meeting, the FAA made a commitment to review an application for in pavement approach lighting system for Runway 4R. As mentioned at the meeting, we have no knowledge of this being done anywhere in the USA. The C&C consultant agreed to forward an application with additional information for our review. We agreed to review the application and report on our status in 2 weeks. It has now been 3 weeks and we have not received an application. Please advise on how you wish for us to proceed.

Subject: FW: Ualena Information

Aloha Ben, this is what I sent to those guys at their request this morning. I sent another missing info link earlier to you along with others. So this completes the package. I assume you have been informed of this by Carl. Let me know if you have any questions.

Toru
