Aloha, all,

Either November 6th, 9th, or 12th is best for me. I would be the only one from InfraConsult.

Susan

Bryan and Susan,

Thanks for meeting with us to discuss the Transit EIS project. Attached are the minutes from our meeting on 10-11-07. We would like to get on your Nov. calendar for our drive-by of the properties along the proposed route. We could do it between Nov. 6 and 15th. We are expecting a new set of updated maps that PB says will be ready by early Nov. Let us know which day is best for you, and how many are likely to come from your office.

Thanks, Wendy Wichman
