Subject: PCF Transportation Day

Mr. Hamayasu,

I wanted to take this opportunity to thank you for doing your presentation to the PCF class. The Mass Transit project is a very exciting project. I have seen the presentation many times and each time I see it, it just makes me wish that the project was already underway. It is imperative that it goes this time. I just hope that the small minority doesn't shut it down.

I apologize for getting this thank you note to you so late, and I sincerely appreciate the time you took out of your day to come and talk to us. Best of luck to you when you are out there presenting. I know that sometimes the crowd isn't so receptive. And thanks again.

Tony Gaston
