Hi Faith,

The last letter we had was the June 28 with the information that they were considering the issue. I haven't seen anything with their conclusion. I haven't seen HDOT's yet either. I'll send it when I get it.

Ted

Hi Ted –

Have you received a letter from the U.S. Coast Guard regarding their decision on cooperating agency? The last letter we have on file (June 28, 2007) stated that they would be making a final decision after a field trip with us. Our staff did a field trip with them last month, but we have yet to hear from them.

Also, the only other agency that has not responded is the State of Hawaii Department of Transportation. They are in the process of responding. Please send us a copy of their response. Thanks.
