Faith,

Some comments from Joe Ossi on the MOA, but it may be on an earlier draft that has changed by now. But the comments may help on an updated version.

Please consider the attached changes to the MOA. I tried to make the whereas's more accurate and closer to what ACHP recommends; I tried to make the stipulations clearer with respect to responsibilities; and I tried to make the general stipulations (e.g. amendment, dispute resolution) closer to what ACHP recommends. It will still need to be cleaned up after changes are accepted, and possibly further revision along the same lines.
