Ray – Let me know if this is what you are looking for or you need something else. We prepared two versions: a shorter version that you have and a longer version with more detail on cost estimates. I thought you wanted us to focus only on technical issues, so we sent the shorter version.

Thanks

Subject: DRAFT Technical Report - Ualena Street Option

Cathy – Per the direction of FTA Region IX, we have prepared a DRAFT technical report on the Ualena Street option for airport Runway Protection Zone (RPZ) avoidance. This report focuses on the characteristics of the Aolele and Ualena Options as well as any technical issues associated with each option.

We will address any comments received in preparing a final version of this report. Please let me know if you have any questions or require additional information.

Thanks,
