Hi Ted –

Just wanted to confirm our telephone conversation on Wednesday, November 18<sup>th</sup>. You related that FTA will be responding to the condominium association directly that their letter was way past the due date for DEIS comments and that their concerns will be addressed in the FEIS. I said that we could add their name to the FEIS distribution list, so that they would receive a copy of the FEIS.

My concern is that looking at Lawrence's thoughts on responses to the condo association referring them to the FEIS may not address all of their concerns. Maybe a more detailed letter response should be prepared? Let me know what FTA will be doing. Also, I would appreciate a copy of the FTA response so that I know what I need to do.

Thanks.

Faith

Ted,

As we discussed on the phone. The City has received 100s of comments on the Project since the close of comment period on the Draft EIS. Also prior request for a long extension of the comment period was responded to with a 30-day extension. I have attached my analysis of the Koolani letter. Per your request, these are a set of rough thoughts and notes, not a developed response. Let us know if you would like something more official. As mentioned we met with the owners on October 15, I have also attached notes from that meeting.

We are putting more detail in the HHF response matrix and will get you a copy.

Lawrence
