Subject: Honolulu
Ben:

We've been asked by the administrator for a projected date when we will have everything assembled to make a decision on the Honolulu PE request. So, I'm asking you for a guesstimate on when you will complete the financial review -- including whatever back-and-forth we might need with the Honolulu folks. Please note that this is NOT a request for you to do anything either heroic or substandard in the review. Whatever time pressure we face has been caused entirely by FTA.

If you want to chat, I'm telecommuting today: 703-754-2576.

Thanks.
Jim
