Subject: RE: ORIGINAL DRAFT Trip Report - Honolulu PE Kickoff Meeting

Tim,
I tried to compare your draft and your original draft and note the following:

Your draft (section 3.2 PE approval letter) refers to Appendix C which provides comments of each bullet stated in the PE approval letter. I think you should provide summary discussions of : 1) Project Scope, Design, and Development; 2) project schedule 3) project cost 4) Technical Capacity as these have been identified in the PE approval letter. I noted that you captured the discussion on these items in the original draft (pages 25-29) but not in the draft (only some of them)

2) your original draft page 5 "A City representative mentioned Section 343 states the need to state the unresolved issues and it has become more clear since the FEIS was submitted but the Navy has not signed off yet. Mrs. Marler responded it would be great to list in Section 343 items to make it more clearly to the FTA. Some analysis that is required by Hawaii law needs to be clearly stated." I don't see you stated these sentences in the draft and I'm not really understand section 343

Thanks
