Subject: High-Capacity Transit Alignment

Lynn,

Sorry it has taken a couple of weeks, but here is the "planning-level" alignment in the vicinity of Camp Catlin Road.

The exact alignment is still being worked on by our engineering folks, but this should give a pretty good idea of the issues.

Please distribute thsi to your housing folks and any others that may have interest. Let us know what you all think. If any of these alignments WILL NOT work for tne Navy, we would like to eliminate them early.

Mahalo,
Lawrence

Let me know if you have any questions.
