Dear Toru,

Mark Scheibe suggests that you would prefer to host the meeting that ER Noa is requesting concerning public-private partnership and the role E Noa may play as part of the proposed transit system. That is fine with us. I am including my prior correspondence with Mark so that you have all the background.

What would be a convenient time to get together for you and Mark, and, of course, anyone else you would desire to include? The E Noa contingent would be Katsumi Tanaka, Maki Kuroda, and me. Our only two unavailable times, as I noted earlier, are Tuesdays and Thursdays before 2 pm (because of my teaching schedule) and prior to 10 am each day (because of Mr. Tanaka's broadcasting obligations).

We look forward to getting together with you and Mark.

aloha,

Tom

Dear Mark,
This e-mail is a follow-up to our brief November 16, 2005, discussion at an OMPO CAC meeting about getting together and my subsequent discussion with Dave Atkin of your staff at the December Scoping session.
When would be a good time for Katsumi Tanaka, CEO of E Noa Corporation, Maki Kuroda President of E Noa Corporation, and me to get together with you, and any of your staff members you would like to include, to discuss two issues:
1. Public -Private Partnerships in general as they relate to the transportation alternatives you are considering for inclusion in the Alternative Analysis; and
2. A preliminary exploration of specific transportation services, which E Noa Corporation might provide in furtherance of the options you are considering for inclusion in the Alternative Analysis.

We look forward to meeting with you.
We have two reservations on meeting times. I am not available Tuesdays and Thursdays before 2 pm because of my teaching schedule and Mr. Tanaka is not available until after 10 am each day due to his broadcasting obligations. I trust this still leave plenty of open time for scheduling our meeting.
aloha,

Tom Dinell Consultant to E Noa Corporation
