Hi Susan -

Forwarding you this message that I received from our consultant. Is February 9th at 10:00 a.m. a good time for us to meet with Melanie Chinen and staff? The last message I got from you was that February 9th was not a good time. Please confirm.

Aloha Lawrence

I just received a call from Melanie Chinen Administrator for SHPD, asking what is the status of the meeting on the Mass Transit. She is meeting with all of her staff today they will reconvene at 1:30. She thought that everyone from her office could make a meeting next week Thursday, Feb. 9. I told her that PB and the City were coordinating this meeting. She asked that once a meeting has been set to call Susan Yanos (her secretary) who will coordinate with SHPD staff.

Could you please follow up with the City on this matter. Thanks. dawn
