Faith,

Thank you!

After you enter Nimitz Gate (off the freeway), take a right turn. Bldg 150 is the large three story structure on your left across from Subway. Take left turn after Chapel and park in the Chapel or Mc Donalds parking area.

I'll have someone meet you at the Quarterdeck to escort you upstairs.

Lynn

Hi Faith,

We are still on schedule for our meeting on Wednesday, 25 Jan, 1400-1500, Bldg 150 Flag Conference Room.

Could you provide list of driver, car make/model, license plate so we can arrange for access to the base?

Thank you!
Lynn

Hi Stanford -

Apologies for the long delay in sending you this message. As discussed in our telephone conversation, we are currently holding individual meetings with agencies/landowners in the study corridor. We would like to meet with you and whoever you feel we should meet with to discuss our project and any Navy projects that are planned for the study corridor. Your assistance is requested to schedule this meeting.

The study corridor extends from Kapolei to the University of Hawaii at Manoa. The alternatives that are currently under consideration may have an impact on Navy lands along Kamehameha Highway from about the Aloha Stadium area to the Airport, along the H-1 Freeway in the Airport area, and along Camp Catlin Road. More information is provided at our website, www.honolulutransit.org.

Looking forward to meeting with you.
