Subject: Managed Lanes Reference to P&N

Hi Renee,

On page 10 of Chapter 2 of the EIS, we currently say:

“The Managed Lane Alternative would fail to meet the Purpose and Need, as described in Chapter 1 of this Final EIS, because it fails to moderate anticipated traffic congestion. It also would be less effective than the Fixed Guideway Alternative at providing a faster and more reliable public transportation service as well as an alternative to private automobile travel.”

Is this consistent with what you are looking for regarding Managed Lanes?

Thanks!

Steve Hogan
