Subject: Rail Transit Project/US Courthouse Meeting Follow-Up

Aloha Diana,

Per our meeting discussion last week, we discussed visual impacts to judges' chambers resulting from construction of the rail alignment. To help us gain a better perspective of the issues, I would like to request the following:

- Digital photos from those chambers impacted
- Drawings and/or building diagrams that illustrate chamber locations and heights of chamber windows from street level

Feel free to contact me if you have any questions.

Thanks,

Kahlil
