Joe, attached are the Final PA, a page with the scanned signatures of Leslie, the Navy, and SHPO, and the first appendix which is just correspondence.

There are 4 more attachments to the PA in the S drive, 3 are maps and the fourth is info on adversely affected resources. Each is 5 MB so we didn't want to email them as it could blow out someone's system. As Charlene indicated she was aware that ACHP has signed off internally on the PA and was in a position to sign, hopefully she won't need these appendices, plus Blythe has a paper copy of everything on her desk. Let me know if you need anything else. Ted 415.744.2590
