LaStar: Below is an email exchange between TPE’s Financial Management Oversight Contractor and me assigned to Honolulu. It pertains to the assignment of a task order by TPE to the FMOC to prepare a draft financial assessment review of the Honolulu Rapid Transit project’s financial plan as part of FTA’s evaluation of the City of Honolulu’s request to enter into the preliminary engineering phase of project development as a potential New Starts project.

Subject: clarification re Honolulu

Brian:

I checked my e-mail and I had not previously received a task order for Honolulu. What I had received was an e-mail from Jim Ryan (5/15/09) indicating that a task order would be issued by the end of the following week. We had a conference call on 5/20 and that's when the project was put on temporary hold due to issues about capital cost and 5309 NS funding.

I'll wait for the task order before doing any further work.

best regards,
Ben Porter
