Aloha Robyn:

I have been responsible for updating the Roadmap for the Honolulu Project. I have been sending Jim an updated version of the Roadmap on a monthly basis the week (first week of the month) of our monthly meeting with the PMOC.

Knowing that our request to enter Final Design will be coming sooner than later, we have been pushing to populate the roadmap so the items can be reviewed on a timely manner by the PMOC. So far we have not received any dates from either the PMOC or FTA to include in the Roadmap.

All the items are placed on a web based site called ProjectSolve hosted by our GEC, PB. Would you like to be added to this website so you can see the items? It also notifies each person when another item is uploaded onto the website.

Looking forward to working with you.

Harvey et al:

The completion of the FEIS is a useful milestone for a transition here in FTA HQ from me to Robyn Sinquefield as the team leader for this project. Robyn coordinates FTA activities for all New Starts projects as they approach and obtain their FFGAs. I'll keep an eye on the project via Robyn -- can't wait to see the updated financial plan, for example -- so you do not need to cc me on communications.

Thanks.  
Jim
