Aloha Faith,

Not sure if you were aware of this, but it appears that the City is now willing to support having the Navy become an invited signatory to the PA. I know the last time we talked about this, you were saying that this would require an act of City Council to accomplish. With the inauguration of the new Governor set for sometime in December, I believe, do you know if we can get this done in time, and if so, what would we need to do to get the process started? A formal request letter? Look forward to hearing from you on this.

Randy, John-

RDML Smith spoke to Kirk Caldwell over the weekend. Mr. Caldwell let RDML Know that the Governor was going to sit on the Rail EIS until after she departs. The new Governor will be taking it for action. Mr. Caldwell stated that if Navy wanted to be signatory on the Programmatic Agreement, as we had requested, that we can revisit as long as it does not delay it past the inauguration of the new Governor.

John, please contact Faith Miyamoto to get the ball rolling on this. Need to push hard to make this happen in the next couple months.

Thank you.

v/r,
