Subject: EIS for Honolulu High-Capacity Transit Corridor (Rail) Project

REF: Letter, Department of Transportation Services, City & County of Honolulu, to COL Matthew Margotta, dated April 28, 2010, requesting Army concurrence as a consulted party with the FINAL EIS.

After reviewing this with our Planning Division, we concur with the Final EIS. With the rerouting of the rail project alignment closer to the Honolulu International Airport, no Army properties are affected by the project.

Sorry for the late response.

Alvin L. Char
