Hi Peter

TPE has been assigned the task of drafting a response to the attached incoming control correspondence from Governor Lingle to S-1. In the letter the Governor mentions your previous discussions about sharing financial information. If you have time today, could you please call TPE to discuss how we should respond? There are some details we would like to give you that we think will be important in crafting the response. Susan is at the New Employee's orientation and the Planner's Conference most of the morning. Please call me (202-366-5159) or Robyn (202-366-3307).

Thanks,
Beth
