Thanks Susan. Did you have a chance to see the status of Ben's financial assessment report you and I discussed last week so we can get it to Toru? This was as discussed with the region and DTS staff at the quarterly meeting earlier last week, and, as indicated in our PE approval letter, will assist our grantee to know the concerns needed to be addressed prior to any request for entry into FD or an LONP.

Matt mentioned to me tonight that things are still on hold for the moment re sending the eligibility and SSO letters to the City and County of Honolulu re the proposed transit project. He hopes to get back to us on this matter in the near future.
