Mr. Bow,

Thank you for the reply.

We are under contract with the City and County of Honolulu, Department of Transportation Services for the Honolulu High-Capacity Transit Corridor Project. An agency scoping meeting was conducted on December 13, 2005. Attached are the Notice of Intent and Environmental Impact Statement Preparation Notice that describes the project.

As part of the Fixed Guideway Alternative we are identifying potential sites for constructing a Maintenance and Storage Facility. The Shafter Flats area is one of the sites that we are investigating and we would like to obtain information describing the Army's future plans for the area. Attached is a sketch showing the site location.

The City has offered to meet with the Army to describe the project alternatives and fixed guideway alignments that may affect Army property and to respond to questions. Please let me know if a meeting should be scheduled.

Clyde Shimizu

Subject: Maint Yard on Army property

Clyde Shimizu

This is in reply to your phone msg.

What about a Maintenance Yard on Army Property?
