Attachments: Queen Street Improvement Project scheduled for 2007.doc

Hi Toru. Didn't want to just leave you a voice mail so I'm sending you a copy of the media release to give you a head's up. We've decided to defer our ID-11 project pending primarily on the City's decision on alignment of the transit system on Queen St. Feel free to alert anyone else who may be affected, and call me at 587-8162 if you have any questions. I'm also sending a copy to Henry Eng.

Thanks, Teney
