Subject: Honolulu Rail Project - Comments on Administrative FEIS

Hi Ted –

While you were in LA, we received the letter regarding the airport runway issue, DB contract and EIS signature. We also got word that the FAA would like to be a cooperating agency to the FEIS and the Navy would like to be an invited signatory for the Section 106 PA. What next?

Anyway, I also heard that Chris Van Wyck sent his comments to Renee two weeks ago. Were these the comments on our responses to your comments regarding the Section 4(f) issue? If they are, would it be possible for you to shake them loose? We would like to see them. I heard that Chris is trying to get a conference call with Renee and us on this matter.

Thanks.
