Hi Liz and Joe, I'm assembling the ROD, I just wanted to confirm that the final ROD and appendixes A (mitigation monitoring program) B (106 PA and attachments), and C (Comments on the Final EIS and responses) are the ones on the S drive identified as final. Also, for Appendix D (relevant correspondence), I have the September 15 2010 letter from FTA to USFWS, and the December 16 letter from the City to FTA on the pre-cast yard. Do we want a copy of the response from USFWS included? Anything else?

Thanks,

Ted
